For: METHOD AND APPARATUS FOR A DATA STRUCTURE COMPRISING A HIERARCHY OF
QUEUES OR LINKED LIST DATA STRUCTURES

INTERVIEW SUMMARY

Commissioner for Patents
Alexandria, VA 22313-1450

Dear Sir:

Applicants contacted Examiner Zhen to discuss the final Office action mailed December 8, 2008, to seeking guidance, based on the allowable subject matter already determined by the Office 26, 2008, in amending independent claim 33 to get it allowable. During a telephone conversation on April 1, 2009, Examiner Zhen suggested adding limitations which correspond to those recited in dependent claims 34, 41 and 42.

Appellants believe that this paper fulfills the requirements of 37 CFR 1.133 and MPEP § 713.04. No exhibit was shown, no demonstration was conducted, and no prior art was discussed.

Respectfully submitted,
The Law Office of Kirk D. Williams

Date: April 1, 2009
